Over 50 years of experience in the project furniture market attests to our ability to meet the design, quality and budget needs of our clients.

Specializing in fine furniture and materials for the hospitality industry, including case goods, upholstery, fabrics and leather, we work closely with designers and clients to create custom furniture suited to our clients designated spaces.

Creating furniture for spaces such as public areas, F&B, guestrooms, presidential suites and VIP casinos are some of our specialties, and we work with our partner factories throughout Asia to deliver and install only the best quality finished products.
